RECORD OF COMMUNICATION		<input checked="checked" type="checkbox"/> Phone Call <input type="checkbox"/> Other (specify) _____ <input type="checkbox"/> Meeting	
PARTIES		Date: 1/30/2015	
*Roy "Trey" Sherrell	Mr. Christopher Cordes	Time: 11:30	
* Party Initiating Communication			
SUBJECT: Baker Ridge Site APN 041-300-035-000		File:	
<p>SUMMARY OF COMMUNICATION:</p> <p>After introducing myself, I explained to Mr. Cordes that I would like to ask him a few questions about his property in Shasta County on Baker Ridge. I explained that Mr. Cordes did not have to answer the questions if he did not want to and that I wanted to hear his side of the story as to what took place on his property. Mr. Cordes said repeatedly that he "knows that he messed up and just wants to make it right" so that he can "move on with his life."</p> <p>I began by asking when was the last time he was on the before mentioned property. Mr. Cordes was unsure, but he thought "5 to 6 months ago".</p> <p>I then asked for history of his involvement with the property. Mr. Cordes explained that he purchased the property and had Eddie Axner Construction Inc. create the two "pads" and improve the access road for housing. The top pad was designed to have a 2 bedroom, 2 bathroom house with a garage built on it. The lower pad was for someone to build a large "dream home" on.</p> <p>Mr. Cordes then explained that in 2014 he leased it to an individual. I asked for the name of this individual but he would not tell me the person's name. I explained that if he did not divulge the individual's name he would be accepting responsibility for the actions of that individual on his property which led to violations of the law. He stated that he would take full responsibility for that individual's actions.</p> <p>I asked Mr. Cordes if he had leased the property in 2013, and he said that he did not. I asked if he had lived on the property in 2013 and he stated that he had never lived on the property ever. When I told him about satellite images from 2013 that showed an RV upper pad and roughly 99 marijuana plants growing on the lower pad, he stated that he did not know about it.</p> <p>Mr. Cordes stated that the unnamed lessee created the "fire break" (referenced in Inspection reports as the "New Road") and while creating the fire break he went on to a neighbor's property. The neighbor asked Mr. Cordes for money for the damages done to the neighbor's property. Mr. Cordes stated that the neighbor was the person who informed Shasta County personnel of the grading that had occurred on his (Mr. Cordes's) property.</p> <p>Mr. Cordes stated that he has spent \$15,000 for the "Straw and Track Walking" to Eddie Axner Construction Inc. for erosion control measures implemented this year.</p>			
<p>CONCLUSIONS, ACTION TAKEN OR REQUIRED:</p> <p>At the end of our phone call Mr. Cordes said "I am done with Shasta County" and said that he wants "this over so that I can sell the property".</p>
